SUBJECT TO COMPLETION, DATED JULY 9, 2025

PROSPECTUS

**Sonim Technologies, Inc.
Up to 1,650,000 Shares of Common Stock
Including up to 550,000 Shares of Common Stock Issuable upon Exercise of Warrants**

This prospectus relates to the resale of up to an aggregate of 1,650,000 shares of our common stock, par value of \$0.001 per share, which consists of up to (i) 1,100,000 shares of our common stock (the “**May 2025 Shares**”) and (ii) 550,000 shares of our common stock issuable upon the exercise of certain common stock purchase warrants (the “**Warrants**”) with a term of five (5) years and an exercise price of \$1.3864 per share (the “**Warrant Shares**” and, together with the May 2025 Shares, the “**Resale Shares**”) by the selling stockholders named in this prospectus and their permitted transferees (the “**Selling Stockholders**”). For information about the Selling Stockholders, see the section titled “[Selling Stockholders](#).”

We are registering the offer and sale of the Resale Shares originally issued in a private placement pursuant to a registration rights agreement, which we entered into with the Selling Stockholders on May 12, 2025 (the “**Registration Rights Agreement**”). The Registration Rights Agreement was contemplated by that certain subscription agreement between us and the Selling Stockholders entered on May 12, 2025 (the “**Subscription Agreement**”). Pursuant to the Subscription Agreement, we issued and sold the May 2025 Shares and the Warrants at a price of \$1.25 per share of our common stock and the accompanying one-half of a Warrant, for an aggregate purchase price of \$1,375,000. We issued the May 2025 Shares and the Warrants in reliance upon the exemption from registration contained in Section 4(a)(2) of the Securities Act of 1933, as amended (the “**Securities Act**”), or Regulation D promulgated thereunder.

We are not selling any shares of our common stock and will not receive any of the proceeds from the sale of the Resale Shares by the Selling Stockholders, pursuant to this prospectus; however, we will receive the exercise price to purchase the Warrant Shares upon any cash exercise of the Warrants by the Selling Stockholders. For information, see the section titled “[Use of Proceeds](#).”

The Resale Shares (assuming the exercise of the entirety of the Warrants and disregarding the beneficial ownership limitation of the Selling Stockholders described in this prospectus) represent approximately 9% of the outstanding shares of our common stock as of July 7, 2025, and approximately 10% of our public float. Given the substantial number of shares of our common stock being registered for potential resale by the Selling Stockholders pursuant to this prospectus and prospectuses filed as a part of registration statements dated December 1, 2023 and September 16, 2024 in connection with a resale of our common stock by certain selling stockholders, the sale of shares of our common stock, or the perception in the market that holders of a large number of shares intend to sell shares, could increase the volatility of the market price of our common stock or result in a significant decline in the public trading price of our common stock. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate. For more information, see the risk factor titled “*Sales of our common stock under resale registration statements or the perception of such sales in the public market or otherwise could cause the market price for our common stock to decline, even if our business is doing well*” on page 30 of our Annual Report on Form 10-K filed with the SEC on [March 31, 2025](#).

The Selling Stockholders identified in this prospectus may offer the Resale Shares from time to time through public or private transactions at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices. The registration of the Resale Shares on behalf of the Selling Stockholders, however, does not necessarily mean that the Selling Stockholders will offer or sell the Resale Shares under this registration statement at any time in the near future or at all. We cannot predict when, or in what amounts, the Selling Stockholders may sell any of the Resale Shares. The timing and amount of any sale of the Resale Shares are within the sole discretion of the Selling Stockholders. We will pay all expenses of registering the Resale Shares, including legal and accounting fees. All selling and other expenses incurred by the Selling Stockholders will be borne by the Selling Stockholders. For additional information on the possible methods of sale that may be used by the Selling Stockholders, see the section titled “[Plan of Distribution](#).”

Investing in our common stock involves a high degree of risk. You should carefully consider the [risk factors](#) beginning on [page 7](#) of this prospectus and under similar headings in the other documents that are incorporated by reference into this prospectus before purchasing any of the Resale Shares offered by this prospectus.

Our common stock is traded on the Nasdaq Capital Market (“**Nasdaq**”), under the symbol “SONM.” The last reported sale price of our common stock on Nasdaq on July 8, 2025, was \$0.6859 per share.

We may amend or supplement this prospectus from time to time by filing amendments or supplements as required. You should read the entire prospectus and any amendments or supplements carefully before you make your investment decision.

We are a “smaller reporting company” as defined under Rule 405 of the Securities Act, and, as such, are subject to certain reduced public company reporting requirements. See “[Prospectus Summary—Implications of Being a Smaller Reporting Company](#)” on page 4 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2025.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Those statements appear in this prospectus, any accompanying prospectus supplement, and the documents incorporated herein and therein by reference, particularly in the sections titled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and include statements regarding the intent, belief or current expectations of our management that are subject to known and unknown risks, uncertainties and assumptions. The forward-looking statements in this prospectus and the documents incorporated herein by reference may include but are not limited to the statements about:

- our business strategy and objectives;
- our future financial performance and results of operations;
- the demand for our products in general and demands for specific segments of products;
- the sufficiency of our cash to meet our liquidity needs;
- our assessment of the market opportunities and our abilities to capitalize on such market opportunities;

- the volatility of capital markets and other macroeconomic factors, including inflationary pressures, banking instability issues, geopolitical tensions, or the outbreak of hostilities or war; and
- expectations regarding the period during which we will qualify as a “smaller reporting company.”

Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those anticipated by these forward-looking statements. These risks and uncertainties include, but are not limited to, the following:

- the availability of cash on hand and other sources of liquidity to fund our operations and grow our business;

- our ability to compete effectively depends on multiple factors, and we may not be able to continue to develop solutions to address user needs effectively;
- the current interest of third parties and the potential attempt of a hostile takeover or hostile stockholder activism may divert the management’s attention from Sonim’s business and may require significant expenses to address;
- we may be negatively impacted by changes in U.S. trade policy, including the imposition of tariffs;

- the financial and operational projections that we may provide from time to time are subject to inherent risks;
- our ability to incorporate emerging technologies into our new consumer products given the lengthy development cycle;
- our ability to adapt to shortened customer lead times and tightened inventory controls from our key customers;
- we are materially dependent on some customer relationships that are characterized by product award letters and the loss of such relationships could harm our business and operating results;
- our quarterly results may vary significantly from period to period;
- we rely primarily on third-party contract manufacturers and partners;
- if our products contain defects or errors, we could incur significant unexpected expenses, experience product returns and lost sales, experience product recalls, suffer damage to our brand and reputation, and be subject to product liability or other claims;
- we are required to undergo a lengthy customization and certification process for each wireless carrier customer;
- we are dependent on the continued services and performance of a concentrated and limited group of senior management and other key personnel;
- we face risks related to the impact of various economic, political, environmental, social, and market events beyond our control that can impact our business and results of operations; and
- other risks and uncertainties other risks described in the section titled “Risk Factors” in our most recent Annual Report on Form 10-K and documents we have filed with the SEC thereafter.

Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties, and assumptions, the future events and trends discussed in this prospectus, any accompanying prospectus supplement and the documents incorporated by reference herein may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified, you should not rely upon forward-looking statements as predictions of future events. You should read this prospectus and the documents that we incorporate by reference herein completely and with the understanding that our actual future results may be materially different from what we expect. Except as required by applicable law, we undertake no obligation to update publicly any forward-looking statements for any reason after the date of this prospectus, any prospectus supplement, and the other documents we have filed with the SEC that are incorporated herein by reference to conform such statements to actual results or to changes in our expectations.

PROSPECTUS SUMMARY

This summary description about us and our business highlights selected information contained elsewhere in this prospectus or incorporated by reference into this prospectus. It does not contain all the information you should consider before investing in our securities. You should carefully read the entire prospectus, any applicable

prospectus supplement, and any related free writing prospectus, including the risks of investing in our securities discussed under the heading “[Risk Factors](#)” contained in this prospectus, any applicable prospectus supplement and any related free writing prospectus, and under similar headings in the other documents that are incorporated by reference into this prospectus. You should also carefully read the information incorporated by reference into this prospectus, including our financial statements, and the exhibits to the registration statement of which this prospectus forms a part.

Overview

We are a leading U.S.-based provider of enterprise 5G solutions, offering a robust portfolio that includes rugged handsets, smartphones, wireless internet devices, software, services, and accessories. These products are engineered for reliable communication in challenging and unpredictable environments, serving sectors such as critical communications, first responders, government, industrial, construction, hospitality, and logistics. We currently have products available at all three U.S. Tier-one carriers – AT&T, T-Mobile and Verizon as well as the three primary carriers in Canada – Bell, Telus and Rogers, and Telstra in Australia. These carriers then resell our products, along with network services, to end customers focusing on two primary end markets: industrial enterprise and public sector. We also sell our products through distributors and resellers in various markets, including Europe and South Africa.

In 2023, Sonim announced a strategic expansion initiative, focusing on broadening its market reach with new products, geographical markets, and customer segments including enterprise, small and medium business, and prosumers. This strategy is underpinned by a strong emphasis on execution. We have introduced new product categories: Connected Solutions featuring wireless internet products, a next-generation rugged smartphone, and a new range of mid and low-tier professional rugged phones, all boasting IP ratings, MIL-STD-810H standards, and elements of Sonim’s RPS, highlighting our value proposition to target markets.

During the second half of 2024 and through the filing date of this prospectus, Sonim launched the following products:

- Sonim H500-series of 5G mobile hotspots available through Verizon, UScellular, and Bell in North America;
- Sonim H700, the world’s first 5G Release 17 and Wi-Fi 7 rugged mobile hotspot, available through Telstra in Australia;
- Sonim H100 4G mobile hotspot available through Telia Finland and distribution partners in Europe;
- XP100 4G and XP400 5G professional rugged phones available through Deutsche Telekom in Germany and distribution partners in Europe and South Africa;
- XP Pro 5G rugged smartphone available through Verizon in the United States; and
- XP3plus 5G rugged flip phone available through T-Mobile and certified for T-Priority.

Additionally, the XP10 is now available through our distribution partners in EMEA and Australia. Most of these products are supported by the SonimWare platform and enterprise services. In the first quarter of 2025, the XP Pro 5G and H500 5G each received Verizon Frontline certification. In the first quarter of 2025 we also announced the upcoming launch and availability of the XP Pro Thermal 5G smartphone for Europe which includes an SDK-enabled Sonim IRIS software for custom application development and an integrated thermal camera by FLIR® that benefits a number of vertical trades such as electricians, plumbers, public safety, construction, agriculture, amongst others.

Geographic market expansion continues with agreements and product availability through new distribution partners in Europe and South Africa, catering to carrier, reseller, and enterprise sales channels. New partners include TCCM, Brodos, Modino, Ingram Micro, and Cernotech, which bolster our presence in these regions. This strategic alignment supports our commitment to offering reliable solutions and expanding our customer base.

Implications of Being a Smaller Reporting Company

We are also a “smaller reporting company,” as defined under Rule 405 under the Securities Act of 1933, as amended (the “**Securities Act**”). We may take advantage of certain of the scaled disclosures available to smaller reporting companies and will be able to take advantage of these scaled disclosures for so long as:

- (1) the market value of our stock held by non-affiliates is less than \$250 million; or
- (2) our annual revenue was less than \$100 million during the most recently completed fiscal year and the market value of our stock held by non-affiliates was less than \$700 million.

For so long as we remain a smaller reporting company, we are permitted and intend to rely on exemptions from certain disclosure and other requirements that are applicable to other public companies that are not applicable to a smaller reporting company. For example, as a smaller reporting company, we may choose to present only the two most recent fiscal years of audited financial statements in our Annual Report on Form 10-K, and, similar to emerging growth companies, smaller reporting companies have reduced disclosure obligations regarding executive compensation. As a result, the information in this prospectus supplement, the accompanying base prospectus, or the documents incorporated by reference herein and therein that we provide to our investors in the future may be different than what investors might receive from other public reporting companies. If investors consider our common stock less attractive as a result of our election to use the scaled-back disclosure permitted for smaller reporting companies, there may be a less active trading market for our common stock and our share price may be more volatile.

Our common stock is listed on Nasdaq under the symbol “SONM.”

Risk Factors:

Investing in our securities involves substantial risks. You should read the “[Risk Factors](#)” section of this prospectus and similarly titled sections in the documents incorporated by reference in this prospectus for a discussion of factors to consider before deciding to purchase our securities.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before you decide to invest in our securities, you should carefully consider the risks discussed under the section entitled “Risk Factors” contained in the applicable prospectus supplement together with all of the other information contained or incorporated by reference in the prospectus supplement or appearing or incorporated by reference in this prospectus. You should also consider the risks, uncertainties, and assumptions discussed under “Part I—Item 1A—Risk Factors” of our most recent Annual Report on Form 10-K and in “Part II—Item 1A—Risk Factors” in our most recent Quarterly Report on Form 10-Q filed subsequent to such Form 10-K that are incorporated herein by reference, as may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future. The risks and uncertainties we have described are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our operations. If any of these risks actually occur, our business, financial condition, results of operations, or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. Please also read carefully the section above titled “[Cautionary Note Regarding Forward-Looking Statements](#)” and the identically titled sections of our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the Resale Shares by the Selling Stockholders.

We will receive proceeds from the cash exercise of the Warrants, which, if exercised for cash with respect to all of the 550,000 shares of common stock underlying such Warrants at the exercise price per share of \$1.3864, would result in gross proceeds to us of approximately \$0.76 million. We intend to use any net proceeds from the cash exercise of the Warrants for general corporate purposes. There can be no assurance that any of the Warrants will be exercised by the Selling Stockholders. Currently, the Warrants cannot be exercised on a cashless basis, however, there can be no assurance that the terms of the Warrants will not be amended in the future to permit the Warrants to be exercised on a cashless basis. If the Warrants (as amended to permit the cashless exercise of the Warrants) are exercised in a cashless exercise, we will not receive any proceeds from the exercise of the Warrants.

The Selling Stockholders will receive all of the net proceeds from the sale of the Resale Shares under this prospectus. The Selling Stockholders will pay any underwriting, broker-dealer or agent discounts, concessions and commissions, and expenses incurred by the Selling Stockholders for accounting, tax, and legal services and any other expenses incurred by the Selling Stockholders in disposing of the Resale Shares, unless otherwise agreed to by us. We will be responsible for the reasonable and documented fees and expenses of one firm of attorneys retained by the Selling Stockholders in connection with the sale of the Resale Shares and shall bear all other costs, fees, and expenses incurred in effecting the registration of the Resale Shares covered by this prospectus.

SELLING STOCKHOLDERS

The Resale Shares being offered by the Selling Stockholder are comprised of (i) 1,100,000 May 2025 Shares issued to the Selling Stockholder pursuant to the Subscription Agreement and (ii) 550,000 Warrant Shares issuable upon exercise of the Warrants. Both the May 2025 Shares and the Warrants were acquired in a private placement and issued and sold pursuant to the Subscription Agreement. Except for the Subscription Agreement and agreements and transactions contemplated thereby, we have not had any material relationship with the Selling Stockholders. For additional information regarding the issuance of the Resale Shares, see the section titled “[Certain Relationship with Selling Stockholders](#)” below. We are registering the Resale Shares in order to permit the Selling Stockholders to offer the shares for resale from time to time.

Under the terms of the Warrants, the Selling Stockholders may not exercise the Warrants to the extent such exercise would cause the Selling Stockholders, together with his affiliates and attribution parties, to beneficially own a number of shares of our common stock that would exceed 9.99%, as applicable, of the then outstanding number of shares of common stock following such exercise, excluding for purposes of such determination shares of common stock issuable upon exercise of such Warrants that have not been exercised.

The Selling Stockholders may sell all, some, or none of their shares in this offering. For more information, see the section titled “[Plan of Distribution](#).”

The table below lists the Selling Stockholders and provides other information regarding the beneficial ownership of the shares of our common stock held by the Selling Stockholders. The second column lists the number of shares of common stock beneficially owned by the Selling Stockholders. The third column lists the shares of our common stock being offered by this prospectus by the Selling Stockholders. The fourth column assumes the sale of all of the shares offered by the Selling Stockholders registered pursuant to this prospectus and that the Selling Stockholders do not buy or sell any additional shares of common stock prior to the completion of this offering.

The number of shares and percentage of beneficial ownership set forth below is based on 17,738,905 shares of our common stock outstanding as of July 7, 2025. Beneficial ownership is determined under the SEC rules and regulations and generally includes voting or investment power over securities. We have prepared the table based on information given to us by, or on behalf of, the Selling Stockholders. Information concerning the Selling Stockholders may change from time to time. We cannot advise you as to whether the Selling Stockholders will in fact sell any or all of the securities being offered hereunder. In addition, the Selling Stockholders may sell, transfer, or otherwise dispose of, at any time and from time to time, the securities in transactions exempt from the registration requirements of the Securities Act after the date of this prospectus. In addition, since the date on which the Selling Stockholders provided this information to us, such Selling Stockholders may have sold, transferred, or otherwise disposed of all or a portion of the offered securities.

Certain Relationships with Selling Stockholders

Subscription Agreement

On May 12, 2025, we entered into the Subscription Agreement with the Selling Stockholders, providing for the private placement of (i) the May 2025 Shares and (ii) the Warrants for an aggregate purchase price of \$1,375,000 (or \$1.25 per share and the accompanying one-half of a Warrant). The closing of the private placement occurred contemporaneously with the execution of the Subscription Agreement.

Warrants

The Warrants have an exercise price of \$1.3864 per share, are immediately exercisable, will expire on May 12, 2030 (five years from the date of issuance), and are subject to customary adjustments for certain transactions affecting the Company's capitalization. The Warrants may not be exercised if the aggregate number of shares of common stock beneficially owned by the Selling Stockholders would exceed the specified beneficial ownership limitation provided therein (which ranges from 4.99% to 19.99% and may be adjusted upon advance notice) immediately after exercise thereof.

Registration Rights Agreement

On May 12, 2025, in connection with the entry into the Subscription Agreement, the Company entered into the Registration Rights Agreement with the Selling Stockholders. Pursuant to the Registration Rights Agreement, the Company agreed to prepare and file a registration statement (the "Initial Registration Statement") with the SEC by July 12, 2025 for purposes of registering the Resale Shares (i) issued and sold pursuant to the Subscription Agreement, (ii) issuable upon exercise of the Warrants, (iii) issuable in connection with any anti-dilution provisions in the Warrants and (iv) any securities issued or then issuable upon any stock split, dividend or other distribution, recapitalization or similar event with respect to the foregoing. The Company agreed to use commercially reasonable efforts to cause the Initial Registration Statement to be declared effective by the SEC by November 12, 2025.

PLAN OF DISTRIBUTION

Resales by Selling Stockholders

We are registering the resale of the Resale Shares on behalf of the Selling Stockholder pursuant to the terms of the Registration Rights Agreement, which agreement is incorporated herein by reference. The term "Selling Stockholders" also includes persons who obtain the Resale Shares from the Selling Stockholders as a gift, on foreclosure of a pledge, in a distribution or dividend of assets by an entity to its equity holders or partners, as an assignee, transferee or other successor-in-interest, or in another private transaction.

Types of Sale Transactions

The Selling Stockholders may offer and sell the Resale Shares, from time to time, following the effectiveness of the registration statement to which this prospectus is a part. The Selling Stockholders will act independently of us in making decisions with respect to the timing, manner, and size of each sale. The Resale Shares may be sold at:

- fixed prices;
- prevailing market prices at the time of sale;
- prices related to such prevailing market prices;

- varying prices determined at the time of sale; or
- negotiated prices.

The Selling Stockholders may sell his Resale Shares by one or more of, or a combination of, the following methods to the extent permitted by applicable rules and regulations or additional obligations of the Selling Stockholders due to our corporate governance documents including but not limited to our insider transaction policy:

- disposition on any national securities exchange on which our common stock may be listed at the time of the sale;
- disposition in the over-the-counter markets;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions of sale to multiple purchasers or to a single purchaser;
- short sales;
- writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- disposition in one or more underwritten offerings on a best efforts basis or firm commitment basis;

- broker-dealers may agree with the Selling Stockholders to sell a specified number of such shares at a stipulated price per share;
- in distributions to members, limited partners or stockholders of Selling Stockholders;
- under Rule 144, Rule 144A, or Regulation S under the Securities Act, if available, rather than under this prospectus;
- a combination of any such methods of sale; or
- any other method permitted by applicable law.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

The Selling Stockholders will act independently of us in making decisions with respect to the timing, manner, and size of each resale or other transfer. We do not know of specific arrangements by the Selling Stockholders for the sale of the Resale Shares. The aggregate proceeds to the Selling Stockholders from any sale of the Resale Shares will be the purchase price of the Resale Shares less discounts or commissions, if any. The Selling Stockholders reserves the right to accept and, together with his respective agents from time to time, to reject, in whole or in part, any proposed purchase of the Resale Shares to be made directly or through agents. We will not receive any of the proceeds from any such sale.

Broker-dealers engaged by the Selling Stockholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a mark-up or mark-down in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). We may suspend the sale of securities by the Selling Stockholders pursuant to this prospectus for certain periods of time for certain reasons, including if the prospectus is required to be supplemented or amended to include additional material information, and we may file a post-effective amendment to the registration statement of which this prospectus is a part to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

The Selling Stockholders also may transfer the securities in other circumstances, in which case the transferees, pledgees, or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus. Upon being notified by a Selling Stockholders that a donee, pledgee, transferee, other successor-in-interest intends to sell our securities, we will, to the extent required and permitted, promptly file a supplement to this prospectus to name specifically such person as a Selling Stockholders. The Selling Stockholders may, from time to time, pledge or grant a security interest in some shares of the securities owned by them and, if a Selling Stockholders defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell such shares of the securities, from time to time, under this prospectus, or under an amendment or supplement to this prospectus amending the list of the Selling Stockholders to include the pledgee, transferee or other successors in interest as the Selling Stockholders under this prospectus. The Selling Stockholders also may transfer shares of the securities in other circumstances, in which case the transferees, pledgees, or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Stockholders and any broker-dealers or agents that participate in the sale of the Resale Shares may be deemed to be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions, or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. The Selling Stockholders is subject to the prospectus delivery requirements of the Securities Act.

We have agreed to indemnify each seller of Resale Shares, each of its employees, advisors, agents, representatives, partners, officers, and directors, and each person who controls such seller (within the meaning of the Securities Act), and any agent or investment advisor thereof against certain liabilities arising under the Securities Act from

sales of the Resale Shares. The Selling Stockholders may agree to indemnify any agent, broker, or dealer that participates in sales of the Resale Shares against liabilities arising under the Securities Act from sales of the Resale Shares.

We have agreed to pay certain expenses incurred in connection with the registration and sale of the Resale Shares covered by this prospectus, including, among other things, all registration and filing fees (including SEC, Nasdaq, and state blue sky registration and filing fees), printing expenses, and the fees and disbursements of our outside counsel and independent accountants, but excluding underwriting discounts and commissions.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the shares of our common stock may not simultaneously engage in market-making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act). Once sold under the registration statement of which this prospectus forms a part, the shares of our common stock will be freely tradable in the hands of persons other than our affiliates.

LEGAL MATTERS

The validity of the issuance of the common stock offered hereby will be passed upon for us by Venable LLP, New York, New York. Any underwriters or agents will be advised about other issues relating to the offering by counsel to be named in the applicable prospectus supplement.

Legal fees and expenses	\$	50,000
Accounting fees and expenses	\$	30,000
Printing and miscellaneous fees and expenses	\$	500
Total	\$	80,669

Item 15. Indemnification of Officers and Directors.

Section 145 of Title 8 of the Delaware General Corporation Law (the "DGCL") empowers a corporation, within certain limitations, to indemnify any person against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement and reasonably incurred by such person in connection with any suit or proceeding to which such person is a party by reason of the fact that such person is or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, as long as such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation. With respect to any criminal proceedings, such person must have had no reasonable cause to believe that his or her conduct was unlawful.

In the case of a proceeding by or in the right of the corporation to procure a judgment in its favor (e.g., a stockholder derivative suit), a corporation may indemnify an officer, director, employee, or agent if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation; provided, however, that no person adjudged to be liable to the corporation may be indemnified unless, and only to the extent that, the Delaware Court of Chancery or the court in which such action or suit was brought determines upon application that, despite the adjudication of liability, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court deems proper. A director, officer, employee, or agent who is successful, on the merits or otherwise, in defense of any proceeding subject to the DGCL's indemnification provisions must be indemnified by the corporation for reasonable expenses incurred therein, including attorneys' fees.

Section 102(b)(7) of the DGCL provides that a corporation's certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

As permitted by the DGCL, our amended and restated certificate of incorporation allows for indemnification of our directors, officers, employees, and other agents to the maximum extent permitted by the DGCL. Our amended and restated bylaws also provide for the indemnification of our directors and executive officers to the maximum extent permitted by the DGCL.

We have entered into indemnification agreements with our directors and officers, whereby we have agreed to indemnify our directors and officers to the fullest extent permitted by law, including indemnification against expenses and liabilities incurred in legal proceedings to which the director or officer was, or is threatened to be made, a party by reason of the fact that such director or officer is or was a director, officer, employee, or agent of Sonim, provided that such director or officer acted in good faith and in a manner that the director or officer reasonably believed to be in, or not opposed to, the best interest of Sonim.

We maintain insurance policies that indemnify our directors and officers against various liabilities arising under the Exchange Act, that might be incurred by any director or officer in his or her capacity as such.

The foregoing summaries are subject to the complete text of the DGCL and our amended and restated certificate of incorporation and amended and restated bylaws and are qualified in their entirety by reference thereto.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (5) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (6) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
